

Healthy Living Speaker Series

Presented by Deutsches Altenheim

Know the 10 Signs: Early Detection Matters

The warning signs of Alzheimer's disease are often dismissed as side effects of normal aging. If you or someone you know is experiencing memory loss or behavioral changes, it's time to learn the facts. Early detection gives you a chance to begin drug therapy, enroll in clinical studies and plan for the future. Attend this training to learn the 10 Warning Signs of Alzheimer's disease. We'll separate myth from reality and address commonly-held fears about Alzheimer's in America.

This session is presented through the Alzheimer's Association.

Tuesday, October 2, 2:00 pm

Deutsches Altenheim - German Centre
2222 Centre Street, West Roxbury
